SHIP COALITION ANNUAL REPORT PROCESS

Approvals

- SHIP Steering Committee
  - APPROVED: May 11, 2015
- DPHI Board of Directors
  - APPROVED: May 20, 2015

Purpose

The purpose of this document is to establish a process for the development of an annual report describing activities of the State Health Improvement Plan (SHIP) Coalition.

Responsibilities

- SHIP Coordinator – writes and distributes the annual report timed as a final report under the contract with DPH
- SHIP Steering Committee – reviews draft of annual report
- DPHI Board of Directors – gives final approval of the annual report
- SHIP Strategy Owners – draft section(s) describing their respective accomplishments

Accomplishment tracking

Accomplishments will be tracked by the SHIP Strategy Owners on a tracking form (see Appendix). Updates should be made quarterly and sent to the SHIP Coordinator (DPHI). The quarterly updates will be used to develop the final report.

In order to accomplish this task, Strategy Owners will take responsibility for the following items:

- Establish and maintain a strategy committee that will coordinate execution of the action plan;
- Provide current lists of strategy committee members to the SHIP coordinator (Kyle/DPHI);
- Communicate at least quarterly with the strategy committee via in person meeting, teleconference or other electronic means;
- Ensure, to the extent possible, that input has been received or elicited from stakeholders in all three counties in Delaware;
• Assure the continued engagement of “responsible” partners/parties within their roles in the action plan;
• Report quarterly on progress made by updating the action plan template. Updates must include accomplishments, but can also include revisions to the objectives and actions where necessary/appropriate as experience dictates. Updates should be sent to the SHIP coordinator);
• Participate in ad-hoc strategy owner conference calls to coordinate efforts where possible;
• Attend & participate in the semi-annual SHIP Coalition meetings.
